JOIN DEB THOMPSON & JACQUI CATRABONE OF STRATEGY SOLUTIONS ON THE ROAD TO EXCELLENCE!

The Standards for Excellence® provide a framework for achieving a well-managed and responsibly governed organization. The Standards® build upon the legal foundations of nonprofit management, governance, and operations and provide an outstanding step-by-step guide to achieving excellence within your nonprofit. These guidelines consist of 6 principles, which are described in-depth during 6 individual sessions. Each session includes an overview of The Standards®; a self-assessment to determine how well your organization is performing; a list of the policies that an organization should have in place; examples of those policies and best practices that your organization should follow related to each topic area. These sessions will be highly interactive and will offer the opportunity for participants to share information and ask questions.

SESSION ATTENDANCE IS FREE WITH YOUR NONPROFIT PARTNERSHIP MEMBERSHIP! ATTENDANCE TO ALL SESSIONS NOT REQUIRED, BUT ENCOURAGED.
